## A BAKER MUST SMOKE OUTSIDE

David Weber, the Haybronck Avenue Baker, Arrested by State Labor Inspector Jones, Pleaded Guilty to Smoking Charge Today—Three Deserve Heed

David Weber, who has a bakery at No. 145 Hasbrouck avenue, was arrested by Labor Inspector George H. Jones of the state labor department and arraigned in police court this morning before Judge Schrick. The charge against Mr. Weber was that of smoking tobacco in a part of the bakery where "raw and manufactured products" are stored.

Mr. Weber pleaded guilty and as it was his first offense he was discharged by the court.

Hereafter if Mr. Weber wishes to enjoy a smoke he will have to wait until he is outside the bakery, as the only thing that may smoke, but shouldn't, is the oven.

George Dewey Finn, Walter Lee Hall and David T. Downing, the three young men arrested on suspicion that they might have been the ones concerned in the attempted burglary of the store of M. Clyde Crosby on Central Broadway, are being held to await the arrival of the navy authorities. They were arrested after they were released to await a verification by the police.

## REAL ESTATE TRANSFERS.

Book Recently Recorded With The County Clerk.

George Schantz and wife have conveyed by deed the premises on Franklin street, near Prospect street, known as the Devo Walker property to Lemuel H. Green and wife.

Alvin Lounsbury and Elizabeth Gibson have conveyed to Florence Banks Holman premises on north side of Pearl street.

Alvin E. White and wife have conveyed to Robert S. Rodie the premises, corner Fair and St. James streets.

Edna Delan has conveyed to Jacob Delan and wife premises on Albany street.

Comptroller George Bond.

Washington, March 24.—Gov. William W. W. Roosevelt of New York, N. J., dropped dead in the lobby of the house of representatives this morning.

Oak Street Deadly Ride.

Louisa Weeks has conveyed to Harry J. Lenniger and Elizabeth, his wife, premises on the western side of Oak street, in this city.

## COMMUNITY CHEST PLAN IS ADOPTED

Decisive Action Taken At Meeting Tuesday Night—Committee To Be Named By Mayor Will Pass On All Applications.

The Community Chest plan of raising money for the various institutions of the city in need of funds this year was adopted by those who attended the mayor's hearing in the city hall Tuesday night. The proposition, however, did not meet with unanimous favor, for in the vote taken on it, four of the nineteen voting were against the proposition in any form, while one was not in favor of permitting building funds to participate in the chest.

The motion as made and carried does not specify whether institutions may apply for money for building purposes or for maintenance only, but leaves the entire matter to a committee to be picked by Mayor Canfield. This committee will have the say-so of who shall be permitted to participate in the chest, how much money each institution shall receive and for what purpose it shall be used.

Counting the mayor, who presided, there were twenty present at Tuesday night's meeting. This attendance was about the same as at last week's meeting when it was decided to postpone action for one week in order to sound public sentiment.

There were some present last week who were undecided as to what the public—the vast majority who will be called upon to give their money—think of the advisability of a Community Chest.

This was carefully explained by Mayor Canfield to those who were not present at last week's meeting among them being Judge Joseph M. Fowler, Superintendent M. J. Michael, Frank Richardson and the Rev. Frank B. Seeley. Following his explanation the mayor asked Postmaster William C. DeWitt what expressions of opinion he had heard concerning the chest idea during the week.

Mr. DeWitt, who has been exceptionally enthusiastic over having a Community Chest campaign, said that going around in different places the past week he was "flabbergasted" to find that there was criticism and dissatisfaction with the War Chest, although he was at a loss to know why. Almost everyone said "No" to a Community Chest, but the tide turned, said the genial postmaster, when he asked these people if they wanted ten different drives during the year. They said "No" to this also. Mr. DeWitt closed his brief remarks by assuring everyone that he was still strong for a Community Chest.

Then followed a lengthy discussion in which several took part on what kind of pledge card would be best to have, what should be on the card, on what should not, whether building funds should be included or whether the campaign should be for current expenses only.

Thomas J. Comerford said that he had talked with a few people who were in favor of the one-drive plan. In order to bring the matter properly before the meeting Mr. Comerford moved that "It is the sense of this meeting that the proposed organization of a Community Chest be approved; that an executive committee be appointed by the chairman to carry out such plans as may be considered and pass on such applications as the committee may receive providing for the participation in worthy and essential movements and projects to such an extent as may be deemed proper."

The motion was seconded by Judge Fowler. Later Mr. DeWitt also seconded it.

Mr. Comerford said that he believed no hard or fast rule prohibiting building purposes should be made for the reason that some organizations might need money for building purposes as badly as for current expenses. He believed that the Salvation Army should not be barred if they needed a new building or an addition.

Walter P. Crane asked what the objection was to the various organizations setting their expense funds the way they did previous to the war.

The answer given was that such plan would necessitate ten distinct campaigns.

Nice Sara Horton, representing a movement to establish a young women's club house, said that she did not believe her committee would care to enter a Community Chest because of the embarrassing state of the movement, and the fact that her organization was not established as were the others.

Rev. Seeley advised having the chest include funds for maintenance only, the use of the opinion that a chest including building funds would not be a success.

So far the real cause of the meeting—to hear what the public thought about a Community Chest—seemed to have been lost in discussing details concerning a project which had not yet been adopted. It probably will not be long before the question will be decided.

Mr. Richardson, who said he represented the workers of the Lake Mills and quite a percentage of others, informed the meeting that insofar as the workers of the city were concerned the Community Chest would be a failure. He said that the workers favor certain organizations and would give to them but that all other organizations

were put in with them in a chest, they would not support it.

Mayor Canfield asked Mr. Richardson if the workers knew that they had the privilege of designating to what organizations their money should go, and if they knew this whether or not they would then support the movement.

Mr. Richardson said that he was unable to give a definite answer on these questions. He said: "The lake mill workers said, 'don't come near us with a Community Chest.'"

"In the last War Chest everyone would have dropped out, had it not been for my pleading with them."

"How many campaigns will the lake mill contribute to?" asked Frank N. Matthews.

"If ten drives are started the doors will be closed," answered Mr. Richardson. "They will subscribe to two or three liberally. If the rest go in it will be a failure. The lake workers are unanimous for the Salvation Army. That is one that will be supported."

Despite Mr. Richardson's remarks, it seemed to be the opinion that if it was made plain that subscribers could designate what organizations their money should go to, if no funds or frills were supported, and that if the committee got down to rock bottom and told the people what the money was to be used for, the Community Chest would not be a failure, but would go "over the top" with a bang.

Mrs. N. D. J. Murphy, however, stated that she was opposed to permitting subscribers to designate how their money should be apportioned. She believed it would result in "hard feelings" on the part of campaign workers.

As for his opinion on the chest proposition, Prof. Michael said that he was interested in the library, but that inasmuch as it was an educational institution just as much as the schools, he did not believe it should be placed in a Community Chest campaign, but should be supported by the city.

After the vote had been taken, Morris Block in explaining why he voted "No" said that he had asked the opinion of several people and found a great deal of opposition to the Community Chest plan.

Mr. Richardson said that he would take the matter up again with the lake workers, but that he was sure they would insist upon the names of the various organizations participating being printed on the pledge cards.

It was nearly 10 o'clock when the meeting adjourned. Mayor Canfield has not yet announced the appointment of the executive committee.

## LAST BRIEF IN SOCIALIST CASE

Albany, N. Y., March 24.—The final chapter in the trial of the five suspended Socialist members of the assembly will be written within the next few days, while the judiciary committee debates its report to the assembly on its inquiry.

The last pleading in the case, the answering brief of the state, is to be filed with Louis M. Martin, chairman of the committee, late this afternoon.

Eight of the thirteen committee members are expected to back Chairman Martin's report recommending ousting the five Socialists. It is reported Mr. Martin's recommendations have been couched in exceedingly strong terms.

## LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Dr. Theodore E. Schwank, one of the leading Lutheran clergymen of this country, and head of the Mt. Airy Seminary at Philadelphia, died Tuesday at Lebanon, Pa. Dr. Schwank was president of the old General Council for a number of years and was one of the leading spirits in the formation of the United Lutheran Church. He was an author, editor and scholar.

Mrs. Harry F. Osterhout, a nurse at the Hudson River State Hospital, died February 29 at Inwood, following a short illness. Mrs. Osterhout was 35 years old and was the daughter of May and the late Hugo Bornstien of Amsterdam, N. Y. Besides her husband, she is survived by her mother, three sisters, Mrs. Steinard of Cornwall, Mrs. Gerring of Schenectady and Mrs. Smith of St. Louis and two brothers, Howard and Carl Bornstien of Schenectady. Interment was in Rosendale cemetery.

The funeral of Mary Weber who died in Saugerties, Monday, was held this morning at 9 o'clock from the home of her mother, Mrs. Martha Clark, 121 Fair street, and at 3:30 p.m. in St. Peter's Church where a Latin Mass of requiem was celebrated for the repose of her soul by the Rev. John P. Neumann. During the mass the choir was assisted by the choir of St. Peter's church. The Rev. Joseph P. Osterhout was very festively rendered "Thy Will Be Done" at the close of the service. Interment in St. Peter's cemetery, where services were conducted by Father Osterhout.

Michael Brennan died Tuesday at the Benedictine Sanitarium from the effects of a stroke sustained the other afternoon while sitting in a chair in the Knights of Columbus rooms on Broadway. He was 70 years old and the son of Patrick and Mary Kelly Brennan. He was born in Allenville, and had been a resident of Kingston for about fourteen years. Before coming to Kingston he resided in New Salem. He had led a retired life for the past three years owing to ill health, but prior to that served as orderly at the Kingston City Hospital for a period of nearly ten years. Fraternally he was a member of Kingston Council, Knights of Columbus. He is survived by two sons, Matthew of Schenectady, and Horace of Detroit, Mich., and one brother, John J. Brennan, M. D. of Malta, Montana, and two sisters, Mrs. Bridget Kearns of New York city and Mrs. John Gallagher of this city, with whom he made his home. A funeral will be held Friday morning at 9 o'clock from the home of Mrs. Gallagher, No. 123 Janan avenue, and at 3:30 from St. Mary's Church. Interment in St. Peter's cemetery, Rosendale.

Middleton's Census 2,192.

Among the preliminary census figures given out in Washington today are those for Middletown, N. Y., which are 1920 population 13,120; increase 2,192 or 24.3 percent; 1910 population 10,928.

## Supper And Study.

The school of missions and supper at the Rondout Presbyterian Church Tuesday evening at 6:00 o'clock will be the last of the series. The supper this week will be provided, cooked and served by a committee of men of whom F. D. Dewey is the official chairman. Supper 6:00 to 7:00. Study hour at 7:20. Admission \$1.00. Following Easter the leaders of the study classes will be given an opportunity upon successive Thursday evenings to sum up the work for each class and demonstrate the profitable nature of the winter's program. The ladies of the church will meet on Thursday afternoon in the chapel to sew on the comfortable and garments for the Armenian orphans. They of course will remain for the supper.

## Collyer Acquiesced in Foch Request.

Washington, March 24.—Secretary of State Collyer stated today that he had no objection to the proposal of Marshal Foch of asking permission of the United States government to enter the Ruhr district of Germany with allied troops.

## DELAWARE DASHES WOMEN'S HOPES

Twenty of Thirty-five Members of House Pledge Themselves Against Suffrage—Favorable Action Would Have Allowed Women to Vote This Fall.

By Telegraph to The Freeman.

Dover, Del., March 24.—Hopes of millions of women to vote in the 1920 national campaign apparently went aglimmering here today when it became certain that Delaware will not ratify the federal suffrage amendment.

A bi-partisan conference of legislators opposed to suffrage was held and twenty members of the house signed an agreement not to vote for suffrage at any time. There are only 35 members of the house.

Delaware's action on the amendment is of paramount importance, as it would have made the 36th state to ratify the amendment and put it in operation. Suffrage leaders are continuing their efforts without much hope of success.

## LAST BRIEF IN SOCIALIST CASE

## FERRY RESUMES REGULAR TRIPS; CREEK ICE OUT

The Transport Made First Trip of Season at 10:20 O'clock This Morning—Roundout Creek Ice Moved Out During Night—Other Navigation Notes.

By Telegraph to The Freeman.

The ferry transport made its first trip of the season leaving Kingston at 10:20 o'clock this morning, and will make trips as scheduled as far as possible. Tuesday the tug Rob Harst spent the day breaking a channel through the ice to Rhinecliff and encountered ice running from a foot to 15 inches thick on her way across the river. This morning the tug Harst spent considerable time out in the river breaking up a wider channel to accommodate the ice that moved out of the Roundout creek during the night, and to prevent it blocking the ferry channel.

The Transport will keep to the following schedule as the weather conditions and ice will permit:

Leaves Kingston: 6:30 a. m., 7:40; 8:50; 10:20; 11:05; 12 noon; 1 p. m.; 2; 3; 3:35; 4:45; 5:30; and 6:25.

Leaves Rhinecliff: 7:15 a. m., 8:30; 9:40; 10:45; 11:30; 12:40 p. m.; 1:30; 2:30; 3:35; 4:45; 5:30; and 6:25.

On Sundays the early morning trip is not made.

## Creek Ice Out.

During the night the ice in the lower Roundout creek moved out, without causing any flood conditions along the banks, and this morning there was a strong current running in the creek. There is still some ice in the upper creek, but if weather conditions continue that will soon run out also.

The Transport, which made its first trips today, stopped running on January 5 of this year.

## Down River Notes.

Navigation to Newburgh from Poughkeepsie may be resumed next week if the plans of the Central Hudson Line materialize. The Benjamin B. Odell, which has been at its dock in Poughkeepsie throughout the winter, will start from that city for Newburgh where she will be repainted before going on her regular run this summer.

The Poughkeepsie-Highland ferry Brinkerhoff is now making regular trips. The ferry company is contemplating the use of two boats there during the coming season, and is now in the market for the purchase of another ferry the size of the Brinkerhoff.

## Other River Notes.

The Cornell Line tugs Harst and Rob did not leave for upriver points this morning as expected. It is understood that they are being held here awaiting orders from the state.

The Homer Ramsdell of the Central Hudson Line, berthed for the winter in the Roundout creek, has been overhauled and placed in excellent shape, and is ready to be placed in commission at short notice.

## Rumors of Powell Sale.

With the opening of navigation almost in sight rumors of the sale of the Mary Powell are being revived. She was bought by down-river junkmen, but before she could be taken down the river cold weather closed the river to navigation. The old queen has spent the winter at the Sunflower Dock in the creek here, and it is understood that the new owners, in order to avoid forfeiting the insurance carried on the boat in case of fire, have had to keep a watchman on board her all winter. This has cost them about \$100 a month.

The Milton Martin of the Central Hudson Line, also bought by the same junk dealers, is spending the winter in the old Mary Powell berth off Port Ewen.

Both boats will likely be towed down and broken up as soon as navigation opens.

## SOLDIERS' BONDS.

Ex-Servicemen Lawmakers Decide on Measure to Cost \$25,000,000.

By Telegraph to The Freeman.

Albany, N. Y., March 24.—American Legion members of the legislature today agreed on soldiers' bonus legislation, at a conference which preceded the legislative session. Republican leaders have assured enactment of the measure.

The measure agreed upon is the bill of Miss Margaret L. Smith, New York city member of assembly, who during the war was a Red Cross worker. The bill will carry \$10 a month bonus for each month of service, and a \$20 a month bonus for men disabled in service.

The bonus legislation is expected to cost the state about \$25,000,000, which will be raised in two installments by a direct state tax of two mills on real property.

## Collyer Acquiesced in Foch Request.

Washington, March 24.—Secretary of State Collyer stated today that he had no objection to the proposal of Marshal Foch of asking permission of the United States government to enter the Ruhr district of Germany with allied troops.

## STAMFORD MAN IN MIAMI HOTEL

Herbert H. Mase Becomes Stockholder in Florida Hotel—Is Manager of Churchill Hall in The Catskills.

The Miami, Florida, Daily Metropolis of March 18 contains the following article concerning Herbert H. Mase, well known hotel man of the Catskills:

Herbert H. Mase, who for the last 11 years has assisted Salem Graham in the management of the Gralynn hotel, has become a stockholder and director of the new Gralynn Hotel Company which has leased this hotel for 99 years, much to the satisfaction of the large number of guests at the Gralynn who have learned in past winters to depend much on Mr. Mase's helpfulness and courtesy.

Mr. Mase is secretary-treasurer and managing director of the largest organization of hotels in the Catskills, located at Stamford, N. Y., having under his control Churchill Hall, which has 332 guest rooms, Rosemont Hotel with 60 guest rooms and a colony of cottages in Rosemont park.

The popular hotel man will continue active in the management of the Gralynn, and in an interview this morning, said that he will aim in the future as in the past to exercise every effort for the comfort and happiness of all guests who visit the Gralynn.

Mr. and Mrs. Salem Graham, the retiring owners, have many words of praise for Mr. Mase, and exerted their efforts toward having him become one of the new owners of the Gralynn.

## SOCIETY NOTES.

The Misses Bernice, Helen and Ruth Abrahams of No. 108 Hone Street tendered their mother, Mrs. Ida A. Abrahams, a pleasant surprise birthday party on Thursday evening, March 18. After dainty refreshments were served Mrs. Abrahams, Mrs. Jacob L. Arnet and Mrs. Julius Kline were entertained at the Orpheum, and I. A. Abrahams entertained Jacob Arnet and Julius Kline with a game of four hundred. After a pleasant evening the party returned to their homes at a late hour voting the Misses Abrahams charming hostesses.

## The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vicks' Vapo-Rub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 231 Broad Street, Greensboro, N. C.

## BRIDGE TO OPEN JULY 4, 1921

By Telegraph to The Freeman.  
Albany, March 24.—(Special).—The bill introduced by Ulster county legislators appropriating \$420,000 for the construction of a bridge over the Rondout creek at Kingston, is now a law. It was signed late yesterday afternoon by Governor Smith and is chapter 62 of the laws of 1920.

Senator Walton devoted much of his time and effort to have the measure passed in both senate and assembly and had a number of conferences with Frederick S. Greene, state commissioner of highways.

It was announced shortly after it became known that the bridge bill had been enacted into law that bids will be received on Thursday for the construction of the improvement. It was stated by Commissioner Greene that the date for the opening of the bridge for traffic had been set for July 4, 1921, and that the Storm King road would be completed and ready for traffic early in 1922.

With the completion of the bridge and road, the Albany-New York highway on the west side of the Hudson river will be one of the finest roads in New York state. The New York State Automobile Association and its affiliated clubs along the Hudson have worked long and hard to bring about the completion of both bridge and road.

### AT THE THEATERS.

"The Speed Maniac" at Keeney's—Theda Bara at Opera House.

All the elements that go to make a fine photoplay—a charming love story, a strong cast and a star who is a wonder in his sphere—are to be seen in "The Speed Maniac," latest vehicle of the William Fox star Tom Mix, which is showing at Keeney's tonight. The Prince Ilma Quartet in a new program of songs, Pathe Review, Gaumont News and other film novelties. Tomorrow and Friday Billie Burke in "The Misleading Widow."

It was either marry the mule trading villain and save her father's bank, or take the man she was married to, through a mistake in a game of forfeits, and see her father ruined. That is what the girl in "Almost a Husband," the attraction with Will Rogers at the Auditorium tonight, is confronted with when the second reel tries to gain her love. Tomorrow, Bryant Washburn in "Love Insurance."

Theda Bara in "Salome," the stupendous production based on the works of Josephus, the famous historian of antiquity, will be at the Opera House tonight and Thursday. It is a more costly, massive and overwhelming spectacle than even the gorgeous "Cleopatra."

### Oil Engines for River Boats.

The steamboats Rensselaer and Trojan, sister craft of the Hudson Navigation Company's night express line plying between New York city and Troy, are being refitted and equipped with oil burning engines. The new engines will probably be installed early in April and as soon as they are fitted the trips will begin for the season. It was explained that on account of the work of transporting the boats from coal to oil burners, the season might not start immediately with the opening of the river as has been the custom, although the 8 o'clock boats, the Berkshire and C. W. Morse, will operate as soon as the river clears.

### Leaves Dates.

Sunday will be Palm Sunday, ushering in Holy Week. Good Friday occurs on April 2, and Easter Sunday on April 4. From present indications ground conditions will be such that those who make gardens and have sowed lettuce seed annually on Good Friday will not be able to do so unless the seeds are scattered in hot beds, but the weather will not effect hot cross buns. Raw cold winds are prophesied by local weather prophets who also predict a rain storm by Friday, as there was frost this morning. There is not likely to be any display of Easter cows to any extent on Easter Sunday.

### Home for Aged Managers.

The regular monthly meeting of the board of managers of the Home for the Aged will take place Thursday afternoon at 2 o'clock at the Home. The executive committee will meet at 2 o'clock.

## LEE SPEAKS ON MEXICO TONIGHT

This evening at 8 o'clock T. Pitts Lee will speak on "Behind the Smoke Cloud—Mexico" at the high school auditorium at 8 o'clock, under the auspices of the forum committee of the Chamber of Commerce. This lecture is free to the public, and all interested in the Mexican situation are invited to hear Mr. Lee who will speak from personal knowledge of the conditions that exist in Mexico. He is said to be a most interesting speaker with a subject that is attracting considerable attention at this time.

### CARNIVAL SHOWS

To Be Here in July Under Moore Amplex.

During the week of July 19 to 24 the Johnny J. Kline and Gideon Ribbon Carnival Shows Combined will make their appearance in this city, under the auspices of the Loyal Order of Moose. They will have with them ten shows, four rides, forty concessions and two wonderful free acts, including a lady high diver. They also have a uniformed band, considered one of the best. Louis Short of this city will travel with these shows as electrical manager, he having had considerable experience in this line of work.

### THINKS LOVERS CRAZY.

Magistrate Finds Love and Insanity Much Alike.

By Telegraph to The Freeman.  
New York, March 24.—Love and insanity are twin ailments, in the opinion of Magistrate Sweetzer.

Claire Degenheart, an ardent husband, begins a thirty-day sentence today because he courted his wife too wildly.

"Love me or die," he told her, levelling a gun at her. She loved him.

"A week ago another man told me he was in love," said the magistrate. "I sent him to Bellevue. The question is, whether love and insanity is not the same."

### MILK FAMINE.

Poughkeepsie Dealers to Quit Because of Pasteurization Order.

Poughkeepsie is facing a milk famine. Virtually every retail distributor has signified his intention of retiring from the business. This action comes on top of that taken by the board of health authorizing George Worrall, corporation counsel, to draw up an ordinance requiring the pasteurization of all milk sold in the city. One firm already has gone out of business and others are preparing to follow.

### Conservation Aid.

By Telegraph to The Freeman.  
Albany, March 24.—Conservation of natural resources, as a duty of every citizen is being impressed upon the public by the adoption at the Albany post office of a stamp cancellation machine bearing a special cancellation upon which appear the words: "Prevent Forest Fires. Protect Wild Life." The dies bearing this slogan are furnished for the use of the post office department by the Conservation Commission, as the result of a plan worked out by Commissioner Pratt in co-operation with the United States post office. All mail now passing through the Albany post office is being cancelled in the new machine.

### Brightening Up Wall Street.

The front of the "Advance" the business and office building on Wall street opposite the court house, is being painted a light drab color and when completed the change from the dark red will make a noticeable improvement to that block, and add light to the court house rooms across the street.

### County Attorney Moves.

County Attorney John W. Eckert and Mrs. Eckert have moved from 45 Green street to the residence of Alfred D. Van Buren, 116 Main street. Mr. Van Buren having moved to Washington, D. C., where he is chief counsel in the department for prohibition enforcement.

# TO SING "PASSION" AT HOLY CROSS

The choir of Holy Cross Church have been preparing for some weeks past to sing the sacred Passion of our Redeemer on the evening of the coming Good Friday. They have chosen Sir John Stainer's version, but will use it as rearranged and sung by the choir of the Cathedral of St. John the Divine and Calvary Church, New York city. This rearrangement is particularly interesting, for it has been found to be even more appealing than the original. The original includes many recitatives for tenor and bass, the lovely quartet, "God So Loved the World," the duet for tenor and bass, "So Thou Liftest Thy Divine Petition," the fine choruses, "The Agony," "Thine Wide the Gates," and "The Appeal of the Crucified," and litany of devotion for the congregation. But the arrangement which will be sung at Holy Cross will differ in that the Last Words will also be sung by a quartet, and instead of Stainer's congregational devotions those arranged by John Bland will be used. Mr. Bland has gone to Russian and Greek liturgies for his inspiration and has brought forth a wealth of beauty and meaning in his litanies of the Humiliation, of the Woe, the Adoration of the Crucified, and the Broken Heart. As an offertory, Mrs. Wicks will sing Gounod's "Green Hill."

The quartet will be composed of Mrs. Wicks, soprano; Mrs. Morris, contralto; William Williams, tenor; Harry Clearwater, bass. Mr. Williams will also take the tenor recitatives, while Mr. Clearwater will take the bass. Mrs. William Williams, Abe Moliniaux, and Walter Weeks will also assist the regular choir at Holy Cross which is composed of Misses Hilda Moore, Helen Williams, Ethel Schlecht, Mabel Schlecht, Lillian Schlecht, Esther Gruver, Lillian Atkins, Mrs. Bruley, Mrs. Simon B. Van Wagenen, Mrs. Albert Van Buren, Harry Clearwater, Clifford Moore and Raymond Van Buren.

On Palm Sunday afternoon the choir of St. Stephen's College will come to Kingston and sing the Vespers at Holy Cross, after which they will give Gounod's devotional oratorio, "Gallia."

## TO TEACH FORESTRY.

Short Course at Bear Mountain March 27.

By Telegraph to The Freeman: Syracuse, N. Y., March 24.—On March 27 the New York State College of Forestry will give an intensive six day course in recreational forestry at the Palisades Interstate Park at Bear Mountain, N. Y. The first such course ever given in the world, probably, has been organized in co-operation with Columbia University, with specialists preparing special phases of a unique educational program.

The course is in more senses than one a special type of education, for it has been arranged at the special request of the Palisades Interstate Park authorities, to meet a special need for those camp directors who have charge of the great work in the park on the Hudson of properly caring for the tens of thousands of city children who are sent to the out of doors for a few weeks each summer.

## COLLEGE CLUB

In Paris Uses Y. W. C. A. Hostess House.

An American College Women's Club has recently been organized in Paris with all graduates from American colleges and universities eligible to full membership, and women who have attended college for one year or more eligible to associate membership. The club is joining with the American University Union in planning social affairs for American visitors in Paris. The club rooms have been furnished by the Y. W. C. A. in their hostess house at 22 Rue Casimir, formerly the Hotel Fournier, so familiar to women workers during war days. The College Club registry book shows many interesting entries of alumni and alumnae of colleges in all parts of the United States.

Ribbon by the Mile.

Ribbon is being sold by the mile instead of the yard at one of the Y. W. C. A. branches in New York city this month. This is a new method of selling ribbon, and is being used for the first time in the city. The ribbon is being sold by the mile, and is being used for the first time in the city. The ribbon is being sold by the mile, and is being used for the first time in the city.

London Service.

The sixth of a series of London services will be held at the Lutheran Church of the Redeemer, Waverly street, on Thursday evening at 7:45 o'clock. The subject of the address will be "Calvary." At this same service the choir will render the second London service entitled "The Story of Calvary." The choir will be assisted by the soloists, and another rare treat in song for all who attend. A special offering will be taken.

Providence Confounded.

Just a few years ago Providence seemed there would never be a million automobiles in use throughout the country. They said the auto "crisis" would soon die out and persons who had purchased cars would be glad to return to horses. Now, far wrong these predictions were to show by the fact that today there are nearly a million motor trucks in use throughout the country. New York has 24,716.

# ROSE-GORMAN-ROSE

**Be KINGSTON'S**  
1920  
**Spring Display**  
**MARCH**  
**25-27**

## The New Fabrics

Of an indescribable loveliness are the colorings and texture of the new silken fabrics, readily adaptable to gowns graceful and charming. Crisp taffetas vie with supple satins. Soft surfaced woollens in polo cloth and lightweight velours this season are twilled or honey-combed. In tricot time and twills one has the foundation for smart tailors. Embroidered Swisses, organdies, voiles, dimities and fine linens are irresistible in their beauty and suggestion of spring days.

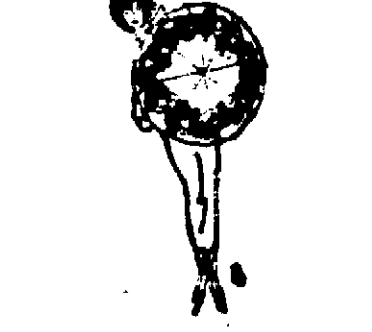

## The New Ribbons

Summer frocks are of a fineness that is enhanced by ribbon decoration. Lingerie too, is a combination of laces, silks and ribbons. In pastel colors there are lovely satin ribbons, two-toned. One may have a luscious peach color faced with softest green, or orchid and blue together. For sashes, bags and millinery purposes the collection of ribbons in silk, satin and velvet is wide. Metallic embroidered and richly brocaded ribbons are gorgeous in colorings and texture.

## The New Gloves

Fashion decrees that for the very smartest effect the gloves must be white or of a very light tone, and long. So Milady wears them white or very light, and long. In heavy fabric, fine kid and suede an eight-button glove with corded or striped back is of a fashionable and serviceable length. Silk gloves display tuckings and embroidery to break the monotony from the elbow to the wrist. Gauntlet gloves with wrist straps are much worn with street apparel.

## The New Umbrellas

Being caught in a shower is really not the catastrophe it might be, if one carries a dainty, rain-or-sunshine umbrella of gay lace. Bracelets of amber or ivory conservative value shield the awkward problem of carrying an umbrella. Others have leather straps on handle though to give a bit more tailored air. For those who plan to avoid the spring and warm days prepared, the first arrivals among the sunbeams are here. Like this year's clothes they are trim, feminine, lady and dandy.

# Spring Exposition

March 25th to March 27th

Springtime with its blue skies, flashing sunshine and glad spirit of awakening life is reflected in the sprightly fashions for Milady's wear at this joyous season. To mark this gala time at formal opening from March 25th to March 27th this store will display the latest modes for spring as interpreted by designers of wide repute. Unusual attention will be given to the smart accessories upon which the success of an otherwise fashionable costume depends. The scope of this spring exposition expresses the spirit of this store in its desire to give its patrons opportunities for securing authentic fashions at home. Mid so much beauty and variety the choosing of becoming new wardrobe becomes delightfully simple—and so pleasant.

## Spring Suits

To choose a suit this spring is a pleasant duty for one can find models in tricot time that are delightfully simple, yet smartly tailored and trimmed with fine bindings of grosgrain, embroidery, braiding and tringes allow few suits to escape without their distinctive touches, while on some fine tuckings and stitching give a more severe appearance. Skirts retain the slender silhouette. Tuxedo jackets and slight modifications are youthful in their treatment.

## Spring Frocks

Fashion's partiality to crepe georgette as a basis for frocks is one of the outstanding features of this particular exhibit. There seems to be no end to the chic effects she has accomplished with it. Very appealing are the printed georgette frocks with patterns outlined effectively with beads. Other georgette frocks nonchalantly assume cascade draperies at the hips, low waistlines or turkish hems. Developed of taffeta are frocks of a tendency, bouffant at the hips, muchly beruffled or plain. To prove that it is all embracing this display shows also plenty of tailored modes in tricot time.

## Spring Underthings

Springtime colorings have even invaded the realm of underthings. For instance, one finds chemise night gowns and other intimate bits of apparel in orchid and bisque where only white—or perhaps a delicate flesh tint—was found before. Underthings of flowered chiffons are also interesting novelties. But outnumbering them all, here are countless cotton creations enhanced by hand sewing, French and Philippine embroidery, and Valenciennes lace. The ideal wardrobe will include plenty of both types. Last, but by no means least, are irresistible negligees.

## Spring Blouses and Skirts

One may select handmade blouses from France, exquisite in the fineness of fagoting, lace insertions and hand-run tucks. Other lingerie blouses are made lovely with drawn-work done in faraway Philippine villages. Batistes, nainsook and voiles bear charming touches of individuality. In georgette, mignonne and crepe de chine smart over-blouses have been developed. Gay embroidery, beading and applique designs adorn them, making a smart costume when combined with a slim skirt of satin.

## MEN'S SPRING FIXINS

**Here A Plenty**  
**Snappy Patterns—That's What You Want in Shirts**

You will like these shirts; everybody who sees them does. The patterns are neat and suggestive of good taste. What's more they are correctly tailored and fashioned of fine quality percales and madras. Some have separate collars to match.

## Good Neckwear Costs Less in the Long Run

The new ties in the Spring display are well so individual and smart, that you can't possibly go wrong in choosing here. But that's only half of it. Pure silk ties wear and wear. They'll outwear the average tie by a good deal.

## Smart Dressers Wear Soft Collars

Not only because there is so much more style in them, but because they are a great deal more comfortable and practical. The real test of collars is the way they wear. Our soft collars will resist the onslaughts of the laundry most successfully. Besides, white, we are presenting them in a number of pleasing colors and patterns to go with spring suits.

**Everything for Everybody**  
**ROSE-GORMAN-ROSE**  
**KINGSTON'S LEADING STORE**

## Spring Coats

The day of the Polo Coats is here and certainly no one will regret its invasion of fashion for it is universally becoming. It may be developed of camel's hair or polo cloth but always it is possessed of ample patch pockets; belts and convertible collar. It is most delightfully and generously interpreted here. In justification of their sturdiness, coats of tweed assume mannish lines Silver Tip Bolivia Coats, in some instances, follow suit, but most often they are cleverly flared at the hem or quite the opposite in effect—wide at the hipline. Truly in this display there is much charm.

## Children's Spring Appare!

No flower in a garden was ever more beautiful than the blossoms, which bloom in colorful profusion on youthfully styled organdie and voile frocks. For little girls fashion also favors trim tailored frocks of linen and percale. Among both types one finds sashes and embroideries. But even if one frock is pretty one cannot do without a coat so fashion has provided hosts of adorable juvenile coat styles. Included are pastel tinted garments in taffetas and dozens of sturdier models in such practical colorings as brown and navy blue.

## Spring Sweaters

Comfort bringing as well as stylish are the new Tuxedo designs of novelty weave silk sweaters. Lovely, too, and just as novel is the silk sweater. Captivating in their dash and youthfulness, slip-on models of gayly colored wools, occupy an important part in this exhibit. Simple types prevail for those whose tastes are more conservative. Peacock blue, rose, gold, orchid and jade are some of the tones from which one may choose. A good sweater is always stylish.

## Spring Blouses and Skirts

In separate skirts slender lines prevail, although entire plaited skirts or panels of platings give added width in many models. For sports and general wear nothing has quite the popularity of the plaid skirt. In duvetyne, satin, tulle and taffetas, afternoon skirts are more decorative and adapted for wear with the tunic-ed overblouse of filmy fabric.

## THE FIRST DEMAND OF CHILDREN'S SHOES IS COMFORT

The second is enduring quality and the third is good looks. Our children's shoes embody all three essentials in proper proportions. You'll get real economy in these shoes because you get real quality.

## The New Bags

Little platings, ruckings and frills trim the new bags, many of which are larger, permitting one to carry an extra pair of gloves with comfort. Silk bags are made in graceful pouch style with unusual fastenings at the top. Embroidered duvetyns, silks and moire bags have carved frames of metal or composition.

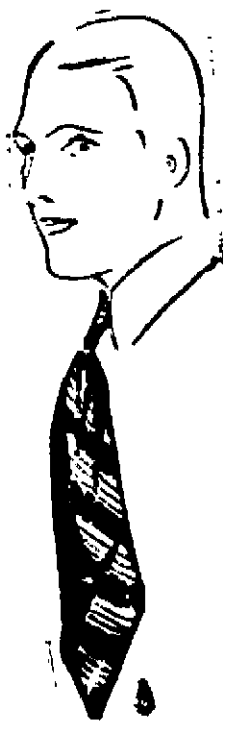

## The New Shoes

It's the variety to this spring's offering of shoes which make it interesting. One may be secure in the knowledge of being correctly shod on every occasion when there are endless oxfords, pumps and boots from which to choose. Soft kid pumps, cordovan oxfords, kid boots with light tops, slim satins, the pumps—the right sort of footwear with which to replenish one's wardrobe. Complete displays of oxfords.

## The New Hosiery

There never was anything so lovely or so diverse as the many fascinating styles of new hosiery. Clocks are developed in embroidery, deep stitch and lace, forming smart accessories for a smart dress or tailcoat. With socks and dot all over times when one must be a lot more daintily clad the lace hose is exquisite and of a fascinating texture. Phoenix, London, and other hose. See the new socks for ladies.

## 32 APPLY FOR CITIZENSHIP

Six Ex-Soldiers Among 29 Who Are Admitted—Two Applicants Absent—Zeiger Case Held Open Because Of Former Statement That He Would Not Care To Fight Germany.

Tuesday was special naturalization day at the court house when thirty-two foreign born residents appeared before Judge G. D. B. Hasbrouck and made final application for admittance as citizens of the United States. Six of the applicants were ex-soldiers who fought in the world war and all six were admitted. Two of the applications were continued as the applicants were absent.

The application of Felix Zeiger, a German, was held open by Judge Hasbrouck until he had time to review the case. This case presented a very unusual point for decision and although apparently the applicant would make a good citizen as his two witnesses, Bernard Herberich and E. J. Camiskey stated, still Judge Hasbrouck decided to withhold his decision until he could make a further investigation.

Zeiger was born in Germany, he filed application for admittance to citizenship here in 1910 but his witnesses had not known him long enough and he secured new witnesses. Then came the war and Zeiger became an alien enemy and registered as such. The time for registering for the draft came along and although Zeiger was an enemy alien and would not be called upon to fight, he was asked as to his sentiment and if he would fight if it became necessary.

According to the records he stated that he would not care to fight for this country and against Germany. This statement may bar him from citizenship now.

When examined Tuesday afternoon by the agent from the department of labor Mr. Zeiger said he wished to become a citizen of the United States, that he was not in favor of the Socialistic movements and that the reason he said on his examination that he did not care to fight for this country was because his father and mother had lived in Germany, they had died and left an estate of about 400,000 marks. He has three brothers and sisters and would naturally come in for 100,000 marks, his share of the estate. On account of the war the estate had not been divided up and when he entered the war he was afraid that if he stated his intention to fight for this country his share of the estate would be seized by the German government and he would

lose his money. At the time of the war, however, Mr. Zeiger did not register with the German counsel as a German citizen.

The representative of the government said that it had been the policy of the government to deny applications from Germans who had made such statements when asked to state their sentiments during the war. But as Zeiger only made this statement on the grounds that his estate would be seized by the German authorities if he should claim to be no longer a German citizen but ready to fight for the United States, Judge Hasbrouck took the matter under consideration for future decision.

The petition of Julius Boyer, witnesses Victor Affron and Sam Posnick, and that of Domenick Milano, witnesses Vincenzo Phillips and John Turico, were both continued as the applicants were absent.

Six ex-soldiers were admitted. They were Isadore R. Greenspan, Myer Addin, Rosario Tome, Mario Spina, Christian W. Christiansen and Tony Naccarato.

The following were also admitted: Petitioner, Francesco Missi, Italy. Witnesses, Antonio Arabio, Angelo Provenzano.

Petitioner, James Nicholas Zammello, Italy. Witnesses, Philip Schantz, George E. Dean.

Petitioner, Vincenzo Cioni, Italy. Witnesses, Peter Mack, Frank Wright.

Petitioner, Antoni Kaminski, Russian. Witnesses, Francis Lesniowski, Edward J. Scherer.

Petitioner, Wolf Nathan, also known as William Elie Nathan, Russian. Witnesses, Victor Affron, Israel Kaplan.

Petitioner, John Keith, Witnesses, Harry F. Gerhardt, Charles A. Burroughs.

Petitioner, Abram Weisman, Russian. Witnesses, Frank O'Reilly, Harry Lewis.

Petitioner, Peter Wendroski, Russia. Witnesses, Francis Lesniowski, Leo V. Grogan.

Petitioner, Eustratios Paschalios, also known as Charles Pappas,

### WHAT HAPPENED MARCH 24, 1919.

Allies land army at Dardanelles; troops disembark on Gallipoli peninsula; British and French plan assault by land and sea. Russians attack Carpathian passes in campaign against Hungary; fierce battle near Dukla pass.

Germans bombard Hill 204, key to French positions on Bethincourt-Malancourt line; also take two more trenches west of Hancourt by infantry attack. U. S. cabinet decides against calling militia; studies Mexican situation and concludes that more troops are not needed.

French take forts defending La Fere; new German line seriously menaced as French fight their way forward; General Nivelle's troop force defenders to quit prepared position near Savy; British advancing.

slowly, occupy Roisel; opposition against them develops into strong counter-attack near Beaumont. President Wilson calls American officials and relief workers out of Belgium; puts no faith in German promises.

Germans push on in south, taking Peronne and forcing Somme crossing; they are checked in north but gigantic battle rages at Bapaume; St. Quentin also a storm center; Chaunay captured from French and American defenders; Germans advance 10 miles, taking 30,000 prisoners and 600 guns; French locate gun shelling Paris at point 76 miles distant.

19 Spartacist agitators arrested by American military authorities at Coblenz; planned strike against us. Kolchak's troops win west of the Urals; push back Bolsheviks 20 miles on a 50 mile front.

## TURN THE CLOCK AHEAD SUNDAY

The state daylight saving law stands. As announced in The Freeman Tuesday, the assembly defeated the bill calling for the repeal of the law by six votes. The law goes into effect Sunday morning, March 28, at 2 o'clock, when all clocks should be set ahead one hour.

The best time for setting the clock ahead is just before retiring to bed Saturday night, as it would be rather inconvenient for the majority to arise at 2 o'clock Sunday morning to perform that necessary ceremony.

Greece. Witnesses, D. W. Ostrander, A. W. Lent.

Petitioner, Franciszek Plotczik, Russia. Witnesses, Edward A. Gallagher, Peter Jekoski.

Petitioner, Luigi Tiano, Italy. Witnesses, John Crespinio, Ralph Saccoman.

Petitioner, Marco Porcero, Italy. Witnesses, Irving Mericle, Girolamo Valent.

Petitioner, Fortunato Porcero, Italy. Witnesses, Irving Mericle, Girolamo Valent.

Petitioner, Denis Boyle, Italy. Witnesses, C. C. Oliver, H. W. Miller.

## STATE FACTORY WAGES HOLD UP

By Telegram to The Freeman.

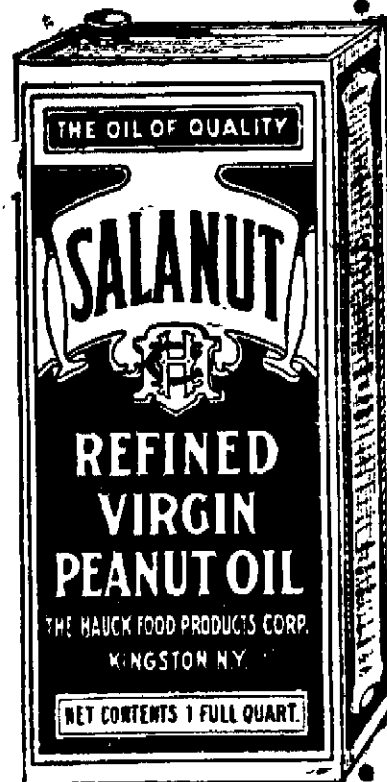

Albany, March 24.—The February average weekly earnings of factory workers in New York state was \$26.47, or practically the same as the average for January. The analysis of the tabulation of reports from 1,648 representative factories by the bureau of statistics of the state industrial commission, indicates that the February average would have shown a gain over January, but for the interference of various unfavorable conditions, as increased wage rates or seasonal increases were reported in several industries.

One of the chief causes of decreased earnings of workers in February was the bad weather, which, by blocking freight movements and interfering with street railway transportation in numerous cases resulted in a shortage of fuel or raw materials, and prevented workers from reaching the factories, or otherwise reduced working time. Other factors in keeping down earnings were the observance of

## Home Candy Making

Not many years ago everybody made candy at home.

Now the fashion of home candy making has returned. All kinds are made at home, from the

molasses variety that is pulled to fudge or creams. Richness in candy demands some fat. Butter is too expensive, lard compounds leave their mixed flavors and odors.

The best candy shortening is SALANUT—refined virgin peanut oil,—the same oil you use in frying, baking or salad making.

### Peanut Fudge

2 teaspoons SALANUT 2 cups brown sugar  
1 teaspoon vanilla ¼ tablespoon salt  
1 cup chipped peanuts 1 cup milk

Boil the milk, sugar, SALANUT and salt until it will form a hard ball when tested in cold water. Remove from fire, stir in the flavoring and nuts and beat until creamy. Pour into a pan oiled with SALANUT and as it cools mark it in squares.

## Elected!

When the public spends its money by purchase, to register its vote in favor of any commercial product—

And when a big majority of that vote is given to one of a field of many candidates over its nearest competitor—

*That, constitutes an election*

The Housewives of America  
Have Elected

## POST TOASTIES

As Their Favorite Corn Flakes

—and as the election has been held and the winner declared,  
—isn't it a good idea when you order corn flakes to specify the best—by name—and tell the grocer to send you **Post Toasties, Best of Corn Flakes**  
Made by Postum Cereal Co. Inc. Battle Creek, Mich.

Lincoln's birthday as a holiday, time lost because of influenza and other illness, and, to a minor extent, lack of orders, labor troubles, a decrease in export business in some industries.

Higher earnings were reported in February in a few industries, however, due to increased wage rates, overtime work, increased activity following labor troubles, and seasonal increases. The industry divisions showing a marked gain in average earnings from January to February are silverware and jewelry, iron and steel, railway supplies and repair work, pianos, furs, miscellaneous chemicals, women's clothing, meat packing, and light and power.

The increase in average weekly earnings in the women's clothing and fur industries is a seasonal matter. In the miscellaneous chemicals division, the increase in earnings is due to higher wage rates in the manufacture of photographic supplies. Increased activity following labor troubles appears as the cause of the higher weekly earnings of workers engaged in the iron and steel and piano industries. In the silverware and jewelry industry and in railway shops, the February increase in earnings is due to overtime work. Loss of time caused by weather conditions kept down the increase in the latter division, however.

Increased wage rates were also reported by firms manufacturing structural steel, wooden boxes, furniture, paper, printing, felt goods, men's furnishings, and women's furnishings but the wage increases were offset in the average weekly earnings for these industries by the conditions mentioned above, or by a reduction in the amount of overtime worked in at least one industry.

The \$26.47 average weekly earning for all industries in February, 1920, shows an increase of \$1.49 or 5.9 per cent over February, 1919, \$25.81 or 5.6 per cent over 1918; \$11.16 or 75 per cent over 1917; \$12.70 or 32 per cent over 1916; and \$14.06 or 112 per cent over 1915. The prospects are that factory workers' earnings will show a further increase in March.

The retail cost of food, as represented by the index number prepared by the United States bureau of labor statistics, shows a decrease of one-half of one per cent from January to February, and factory workers' earnings show an even smaller decrease. Compared with February, 1919, a low month for both food costs and factory workers' earnings, the increase in the retail cost of food is 16 per cent, while the increase in the average weekly earnings of factory workers is 20 per cent, as mentioned above. The February index number of the cost of food shows an increase of 162 per cent over June, 1914, whereas the average weekly earnings of New York state factory workers for February was 188 per cent over the average earnings of June, 1914.

### Poor Time Ahead

Mother was going to take Billy visiting with her, on a driving trip she said: "You won't be good today, exceptionally good, because Aunt Kate is going to be there and she doesn't like noisy boys." "Oh, yes," said the youngster, "I see where I'm going to have a rotten time."

## Retailers, Attention!

The Retail Grocers' and Butchers' Association will hold a meeting at the City Hall, Thursday, March 25, at 8 p. m. to determine what action shall be taken toward continuing the organization.

Whether you are, were or never were a member, we want you to be present.

With loyal co-operation, this association will be a good deal toward solving many of your daily problems.

It will cost you nothing and may do you a great amount of good to be present.

C. T. BENNETT, Secretary

## ENTERTAINMENT AT AUTO SHOW

Orchestra Concerts Daily on April 8, 9 and 10—Hugo to Open Show—Cards on Wind Shields to Identify Dealers.

Although the Kingston Automobile Dealers had to postpone the annual automobile show for a couple of weeks on account of the non-arrival of cars to be shown and the bad road conditions which prevented their spirits and they are using the additional time to make the show even bigger and better than ever. When the doors open on the evening of Thursday, April 8, the first day there will be on display a greater line of cars and accessories than was shown at the big show last season. Secretary of State Francis M. Hugo will be present on the first night of the show and will officially open it. Mr. Hugo will address the crowd at 8 o'clock. On all three evenings of the show, April 8, 9 and 10, there will be entertainment of some kind.

At the meeting of the dealers, which was held last evening at the Y. M. C. A., the committee on entertainment and music reported progress. An orchestra has been hired to give daily concerts both during the afternoon of the second and third days and every evening. It was finally decided at the meeting last evening to use a small card on the wind shield of the cars to show the make of the car as well as the dealer's name. This was adopted in place of proposed electric signs, which it would take too long to install.

After discussing the disposition of the remaining few vacant spaces which will be disposed of among the dealers, the meeting adjourned.

### ROOSEVELT STORIES

Sought By Roosevelt Memorial Association.

The Roosevelt Memorial Association is endeavoring to collect from every available source biographical material concerning Colonel Roosevelt. Much of this is to be found in public documents, newspapers and magazines; but the best and most vital material lies still ungathered in the hearts of his friends and associates.

Incidents, on the surface of little importance, which nevertheless may serve to reveal to succeeding generations some of the magic of the man who was "T. R."

If this material is ever to be gathered, it must be gathered now, and the association urgently appeals to the friends of Colonel Roosevelt to help in gathering it. Anything and everything will serve to throw light on the character and career of "The Great American" will be welcomed. From those who knew Mr. Roosevelt only slightly the association wants the few significant memories which they may have; from those who knew him well it wants, if possible, a book.

Here is a specimen of the sort of story the association is eager to secure.

A number of men were dining at the White House one day during a period when President Roosevelt was having a particularly difficult time with Congress. Among them were Carl Akeley, the big-game hunter, and a certain Congressman from Illinois.

Akeley had been telling how one evening in the heart of Africa he had seen sixteen lions coming out of one cave. The president's eyes shone. "By George!" he exclaimed. "I wish I could turn those lions loose in Congress!"

"But, Mr. President," interposed the Congressman, "aren't you afraid they might make a mistake?" Roosevelt snatched his teeth together. "Not if they stayed long enough!"

### "GAS" REPLACES BOOZE

As National Means of Getting Exhibition, Say Auto Men.

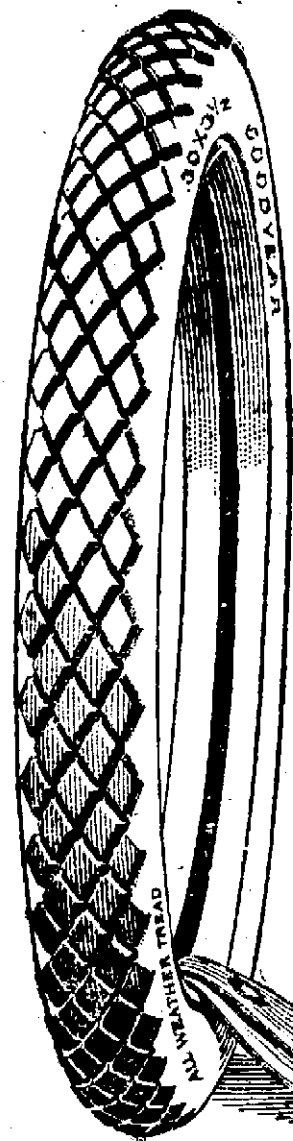

What effect is prohibition having on automobile tire sales?

Country-wide reports sent in to the B. F. Goodrich Rubber Company indicate a reply to this question entirely favorable to the retailers of rubber casings and tubes and at sharp variance with the prognostications of a pessimistic few who foresaw a decline in sales during the era of the "great drouth." Dealers in motor cars and accessories report steadily increasing sales and say that elbows formerly crooked over bars are now crooked around the steering wheels of motor cars.

Nickels, dimes and quarters that formerly trickled into the cash register of J. B. & Co., are now going into savings banks, and when several hundred dollars are accumulated, a motor car is purchased.

Expenditures in cool draughts of "lager" have been transferred into investments in refreshing ozone. The exhilarating "wet goods" of the nation is now gasoline, according to garage men.

## Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3, 30x3½, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

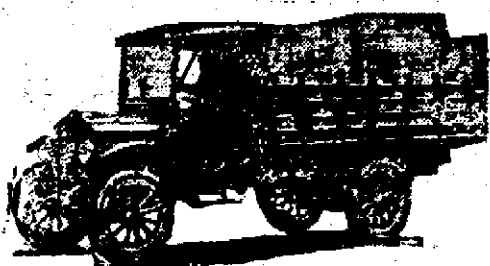

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50  
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casing properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

# GOODYEAR

## THE MAXWELL TRUCK

### HE'S FAST ON HIS "FEET"

He responds with spirit to any request. He is up and away in a jiffy, gets over ground faster than bigger fellows, who struggle under the heavy burdens of their own dead weight.

He turns a corner quickly, picks his way in and out of traffic, fairly runs away from most any other carrier when a street's thick with teams and motors.

He therefore makes more trips, more miles in a day, covers more territory, delivers or collects more parcels or freight.

That's why some call him "Speedy" Maxwell. He's there when it comes down to getting a thing done in a hurry.

He might just as well be called "Thrifty" Maxwell, for he's a penny counter, if you like.

He never uses food except when he's working for you and he's almost sure to make you a present of his first cost in one trip around the calendar.

**STUYVESANT GARAGE,**  
Kingston, N. Y.

### POLICE VACANCY.

Police Board May Ask New List to Fill Connolly's Job.

The resignation of James V. Connolly from the police force, which becomes effective Saturday, leaves a vacancy on the force which will be filled if it is thought next month by the police board. The board has only three names left on the last eligible list furnished it by the local civil service board, and the presumption is that they will ask the board for a new list. This means that a civil service examination will be held in April or May

to prepare such a list. The three names on the present list, of course, will be added to the new list at the same ratings those on the list now have.

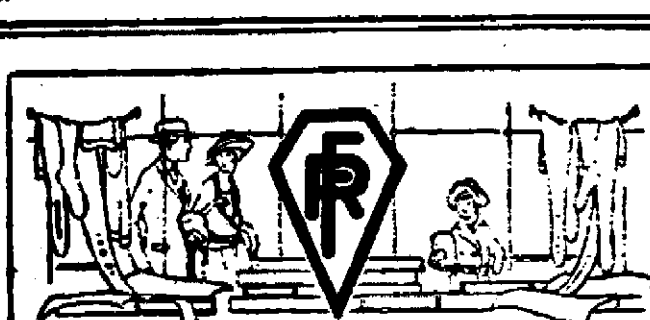

### Leather-Stocking.

Leather-Stocking is the nickname of Natty Bumppo, one of the favorite characters drawn by the American writer of Indian and sea tales, James Fenimore Cooper. The bearer of the nickname is a half-savage, half-Christian chivalier of American wild life of almost a century and a quarter ago. Leather-Stocking reappears and closes his career in Cooper's story, "The Prairie."

10  
**PALM SUNDAY  
SYMPHONY MUSIC**

A remarkably fine program is being arranged for the last of the popular Symphony Concerts, which will be given at the Keeney Theater on Sunday afternoon next. In addition to the orchestral numbers, the Prince Ilma Quartet, now singing so acceptably at the theater, will sing, and, in compliance with a number of special requests, Mr. Maurer will play another xylophone solo. The program will, furthermore, be in keeping with

the day, Palm Sunday, and among other numbers "The Palmers" will be given. The full program for the concert will appear in a subsequent issue of The Freeman.

"Ruth in a Rush" at Hurley.

An exceptional entertainment is promised at Hurley for Friday evening of this week. On that evening at 8 o'clock the Willing Workers of the Dutch Reformed Church will bring out a very amusing skit entitled "Ruth in a Rush." All of the young people of the church will take part. Following the play there will be a social hour when ice cream and good home made cake of the best Hurley varieties will be served. The young people especially invite their Kingston friends.

**MUCH INTEREST IN  
BENEDICTINE BALL**

The committee in charge of the Benedictine dance to be given at the armory on the evening of Easter Monday, April 5, is, to a woman, wearing a smile, for everywhere they find that the people of Kingston are not only willing but anxious to buy tickets for the charity ball, and already the sale of tickets is most gratifying. Quite aside from the financial success which this advance sale portends, the spirit which prevails relative to the ball promises a social event of unusual enjoyment.

The following committees are completed and actively at work, and others will shortly be announced, as will other matters of interest relative to the charity ball:

Ticket Committee—Dr. Mary Gage, Day, chairman; Miss Mary McGill, Miss Rosecrans, Mrs. H. F. Meinhart, Mrs. John B. Kearney, Mrs. Frank L. Eastman, Mrs. Walter L. Pales, Miss Frances Crough, Mrs. Mark O'Meara, Mrs. Frank Meagher, Mrs. E. D. Tremper, Miss Cella Hussey, Mrs. S. T. Levitas, Mrs. Daniel Murphy, Miss Lydia Gapp, Mrs. J. W. Leary and Mrs. Benjamin Delaney.

Lemonade Booth Committee—Miss Jeanette Farrell, chairman. She will be assisted by Miss Crough, Miss McGrane, Miss Cook, Miss Dahlem, Miss Hart and Miss Post.

Check Room Committee—Mrs. Charles T. DeWitt, chairman, assisted by Miss McHugh.

**Jail For Liars.**

One of our comedians made a decided hit not many years ago with a comedy in which he told nothing but the truth. The results were appalling. Our liars took a great deal of comfort from that play—it was a vindication. It made them break out in a virtuous glow. It convinced them that they had rights. And now along comes North Dakota with a sinister and direct attack against the ancient human failing! Three state officials turned against the Non-Partisan League. They said things about that powerful organization. The Non-Partisan legislature became duly indignant and, to put its displeasure into action, passed a Law. It provided that any state official who lies about the league could be imprisoned for one year. And there is a "Smelling Committee" to watch for slips!—The Nation's Business.

**SALVATION ARMY  
REVIVAL BEGINS**

There was a large attendance at the opening session of the revival by the Salvation Army Tuesday evening, at Salvation Army Hall, North Front street. Before the session a street parade was made by a number of the members headed by the local Salvation Army brass band of 14 instrumentalists led by Captain Young and the parade was viewed by a large number of people on the sidewalks. Evangelist Elliot was enthusiastically greeted by the large audience that filled the hall. His address was most attentively listened to, his theme being "Behold He Prayeth." This evening Mr. Elliot will deliver another important message. Captain Young, with Mrs. Young, will visit the Jacobson and the Pescenden shirt factories and hold meetings.

**UNION CENTER.**

Union Center, March 23.—We are all sure that spring is here for the Ford has made its appearance on our roads after an absence of almost two months.

The Christian Endeavor Society is preparing for an Easter service to be held on Sunday evening, April 4. The meeting next Sunday evening will be in charge of the Missionary committee. Topic, Our Country's Need of Christ; Acts 4:11-12; Rom. 10:12-15. All are welcome.

Raymond Coutant attended the debate and basketball game at Kingston High School last Friday evening. Winfield Cole of Ulster Park spent Sunday with his cousin, Alan Coutant.

Emma Fitzgerald, Louis Schultz and Charles Zimmerman spent last Friday evening with Bessie Freer.

Mrs. Rothrock who has been seriously ill is improving.

Myrtle Ronk, George Huth and Francis O'Reilly called on Rose Freer on Sunday afternoon.

Mr. and Mrs. Hewitt Van Kleeck of Ellenville are guests of Mrs. Van Kleeck's sister, Mrs. Richard Ronk.

Miss Minnie House of St. Remy spent Sunday with her parents, Mr. and Mrs. G. E. House.

Mr. and Mrs. Jesse DuBois of Kingston were guests of Mr. and Mrs. Win. DuBois on Sunday.

**PINE HILL.**

Pine Hill, March 23.—Pine Hill experienced an awful tragedy on Friday, March 19, at 1 o'clock when the home of Mrs. Renben Bailey was destroyed by fire. The two grandchildren, Norman R. Hunter, four years and Ross L. Hunter, two years, perished in the flames. The remaining members of the Bailey family who were overwhelmed by grief were welcomed to the home of Mrs. Mary D. Cure, where the good people of that home tried to comfort them in their great sorrow. A brief memorial service was held in the M. E. Church on Sunday, at 7:30, when the pastor, Rev. S. E. Sargeant said, "A sanctified sorrow draws us nearer to God, and our fellowmen." We extend our deepest sympathy to the sorrowing ones.

The leaders are busy this week distributing the weekly envelopes and arranging the budget for next year. Don't fail to get a packet of envelopes and join with us in helping to help others.

Only two more Sundays in the present conference year. Let us try to make these the best. The pastor's subject will be "Jesus Only." We welcome you.

**CLINTONDALE.**

Clintondale, March 24.—The Ladies Aid Society will hold an entertainment, consisting of two plays, "Sowing for the Reapen" and "Not a Man in the House" in the Grange Hall on Saturday evening, March 27.

Mrs. William Lais of Milton visited her sister-in-law, Mrs. Elton Mosher, the past week.

Mrs. Hattie Ellis spent Thursday in Walden.

Mrs. William Martin is visiting her son and family in Schenectady.

Mrs. Reuben B. Deyo spent Sunday in Newburgh with her daughter, Miss Mildred Deyo.

Mrs. F. L. Robinson of Woodcliff, N. J., spent the week end with her mother, Mrs. S. R. Lawrence.

Foster Ackhart and family of Brooklyn spent the week end with his parents, Mr. and Mrs. George M. Ackhart.

Mrs. Winfield T. Jenkins, who has been ill for the past few weeks, was removed to Vassar Hospital, Poughkeepsie, on Friday last, where she will receive medical treatment.

Mr. and Mrs. Albert Conklin of Poughkeepsie spent Sunday with Mrs. Conklin's parents, Mr. and Mrs. William Barrett.

**Waterproof Glue.**

Casein glue is extensively resistant to the action of water and retains a very high percentage of their original strength, even after long immersion under water. They are comparatively inexpensive and the materials from which they are made are readily available in the market. They are supplied cold and will set without the application of heat.

**The Biggest Cruise.**

Two young Swedish students of geology named Wadell and Tabor, after an expedition in Ireland, have discovered what is believed to be the largest crater in the world, measuring five miles long and a quarter mile wide, and further claim to have discovered warm springs.

They Make Your Tires Last Longer—Goodyear Heavy Tourist Tubes.

## BRIDGE SHAFTS NEARLY DOWN

Work on the two anchor shafts for the proposed suspension bridge across the Rondout creek is about completed. Yesterday the contractors were down to within two feet of the required depth, and when it is reached they have to enlarge the anchor chambers to a width of fourteen feet. The two anchor holes on the Esopus shore were completed some time ago. If conditions continue favorable, the two shafts on Rondout street should be completed early in April and the contract finished.

### Soul Vision.

There's no monopoly of soul vision. It's not particular about the residence of its beneficiary. It finds the simple Mad of Orleans and makes her a great factor in history. It takes the youth, Luther, and makes him the reformer of religion. It has taken men from the plow, the garret, the sultry and raised them to eminence. It has also used the son of the mansion. It knows men as fit expressions of its purpose and not as individuals. It is limited only by the power of the soul to march itself with the great need—Exchange.

### Helgoland Legends.

Helgoland's great staircase that mounted to the rocky heights had famous lurking above it, according to legend. In the eighteenth century, when a baby was born its feet were buttered promptly so the child would slip through the fingers of a fairy who might try to exchange it for the baby's bride.

## Spring

### Women's Tailored Suits

Our women's suits are models of perfection in the art of fashions, made of the finest materials, of tricotine and serges, featuring the styles which are seen only in the finest garments. You cannot help but be pleased and satisfied with our suits.

### Y. W. C. A. DISPENSES ROUGE THAT WON'T COME OFF

THE problem of a summer vacation is solved for thousands of industrial and business girls all over the country by the Y. W. C. A. camps for self-improving women. "All the comforts of home" can be had at a minimum price, well within the reach of the youngest girls.

Two weeks of swimming, tennis, lawn tennis, horse riding and other sports make the fat girls thin and the thin girls fat and give them all complexions that won't come off. A

group of vacationists are shown in the above picture in their outdoor sleeping quarters.

The problems of production and of living conditions, which the industrial girl faces for the other five weeks of the year, will be among the vital topics taken up at the Sixth Convention of the Young Women's Christian Association of America, which will meet in Cleveland on the 12th of April.

## CLEARWATER ON REORGANIZATION

Appearing Before Joint Legislative Judiciary Committee He Advocates Commission to Examine Whole Plan for Improvement in State Government—Sketches Objectionable Features in Proposed Bills.

At the request of Governor Smith, Charles Evans Hughes, Elihu Root and the members of the citizens' committee on re-organization of the state government, Judge Clearwater appeared before the joint judiciary committees of the senate and assembly at Albany yesterday in behalf of the bills which have been introduced in the legislature to carry into effect the re-organization upon the plan proposed by the governor's commission and the citizens' committee.

The judge said that the governor's plan was not new. It had been recommended by the constitutional convention of 1915, of which the governor was a member, but had failed of adoption because of the fate which befell that constitution. He caused a smile not only among the members of the joint committee, but the vast number who crowded the committee room, by saying that the first and best constitution of the state was adopted at his beloved Kingston, and promulgated there on the 30th of July, 1777; that every subsequent constitution has been predicated upon the one framed and adopted at Kingston, and that so far as the basic features of the existing constitution were concerned, there was substantially little improvement upon the one promulgated here. That, however, the time had arrived for the tossing off of excrescences which had fastened themselves upon the state, not by constitutional provision, but by legislative enactment. Every successive legislature since the one at Kingston in 1777 had devoted its energies to the creation of departments of government, many of which were useless and every one of which was unnecessarily expensive.

Sunday's dispatches from London to the New York newspapers stated that England had conceded that the city of New York had become the leader of the financial and business world, and that London, which had held that place for centuries, now occupied a secondary position; that in his opinion not only the city of New York, but the entire state instead of having reached the apex, was merely at the dawn of a far greater and more useful career; that it was imperative, therefore, if it were to retain the position now conceded to it, and the one to which it aspired, the government of the commonwealth should be made as efficient as human ingenuity could devise, and the way to begin was to lop off every unnecessary governmental agency and to compress and condense overlapping agencies so far as that could be done without impairing efficient action. That every experienced member of the legislature, every citizen who had given to governmental affairs thoughtful consideration, agreed to the necessity of this action. The difficulty was that when it came to putting into concrete form the abstract proposition, every one had some personal protege in some state department whom he wished retained, with the result that although the necessity of reform was agreed to, the putting of it into execution was shirked by every man who alone could effect it.

Senator Burlingame, who presided, asked the judge if he had any criticism upon the provisions of the

bills before the legislature to carry the scheme into effect.

Judge Clearwater said he thought the plan and the bills were far from perfect; that in his judgment the proper thing to do was for the legislature to appoint a commission whose members would serve without compensation, carefully to examine the whole plan, and to report to the next legislature.

Senator Burlingame asked if the judge would not indicate those features of the bill which he regarded as most objectionable.

The judge said that it seemed to him that entirely too much in the way of administrative work was devolved upon the conservation commission. That there was too great a disposition to place executive duties in the hands of the attorney general, adding, "You don't want a lawyer for executive work. For instance, this bill puts the state police under the control of the attorney general. That to my mind is absurd. The state police should be under the control of the governor. In case of an emergency a lawyer would feel he should be governed by precedents, when what you want is an official who will think accurately, judge soundly and act quickly." Also he was inclined to the view that there had been a disposition unduly to magnify the functions of the state comptroller. He was decidedly of the opinion that the governor should be elected for four years, that he should appoint most of his official cabinet in the same manner as does the president, and also should have the power of summary removal.

When asked to say what state officers well could be appointed, he said secretary of state, the state treasurer, attorney general and state engineer. That there seemed to be a disposition to make the comptroller an elective officer, but he rather fancied that was because the comptroller for years had been regarded as a stepping stone to the gubernatorial chair.

Judge Clearwater was listened to with the greatest attention not only by the members of the committee, but by the large gathering of citizens from various parts of the state. The committee said that they attached much consequence to his views because when he was a delegate at large to the constitutional convention he had given to the subject of the re-organization of the state government the most careful attention and consideration.

## OUR DAILY PATTERNS.

3125—Infant's Short Clothes Outfit.

In Practical patterns of baby garments.

Composed of a yoke dress to be finished with long or short sleeves. A simple double breasted coat with round collar and bishop sleeve, a cap in Dutch style, a night dress, a petticoat with added waist, a feeding apron, drawers, rompers and a play dress. Send for in silver or stamps for our up-to-date spring and summer 1920 Catalogue, containing 350 designs of Ladies' Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 25 of the various simple stitches), all valuable hints to the home dressmaker.

## LAWTON.

Lawton, March 24.—George Bradman and Ross Benell were business callers in Grahamsville on Thursday.

Frank Duffell and Will Crawford each made a trip to Mr. Duffell's farm on Monday.

Mrs. Frank Duffell and little son, Edward, visited Mrs. Duffell's parents, Mr. and Mrs. S. Anderson, a few days last week.

Mrs. S. Anderson and daughter, Mrs. Duffell, and little son visited at W. Duffell's Thursday.

Ross Benell has purchased the Benell Smith farm near Talmontville. Mr. and Mrs. Frank Duffell and

her household goods there some time this spring.

## WAWARSING.

Wawarsing, March 24.—Miss Harriet Russell delightfully entertained six of her friends Wednesday evening, March 17, from 5 to 10 o'clock at her home in honor of her 16th birthday. It being St. Patrick's Day, her mother had the table decorated with carnations and green plants. At supper a large cake with sixteen green candles on it was presented to Harriet by her mother to eat. A number of pretty gifts were received. Those present were: Leona Gray, Marion Lamont, Florence Krom, Thomas Brown, Helen Stahl and Margarette Gray. Freda Kromer was not able to be present. All departed at 10 o'clock declaring Miss Harriet a royal entertainer.

Chester Gray is home for a few days.

Church services and Sunday school were held in the chapel last Sunday for the first in quite a few Sundays. Mrs. David Burgher took dinner Sunday at the home of Mrs. Mary C. Krom.

George Kromer is home after being in the city for the winter.

Mrs. Lizzie Talford made a shopping trip to Grahamsville last week.

Renee Krom returned to his work in Wawarsing after spending a few days at home.

We hear that Charles Miller, the butcher, is not going to run his meat market after April 1.

During the stormy weather, the Little Redoubt Circle did not hold their usual meeting Saturday afternoon.

## WILKINSON RURAL CEMENT SOCIETY.

ANNUAL MEETING.

There is hereby given, according to the constitution of the Wilkinton Rural Cement Society, notice of the annual meeting of the society to be held on Thursday, March 25, 1920, at 7:30 o'clock, at the home of Mrs. Mary C. Krom. The business of the meeting will be to elect officers for the year 1920, and to receive reports of the officers for the year 1919. The meeting will be held at the home of Mrs. Mary C. Krom, 26 Broadway, corner Mill Street, Kingston, N. Y.
